LUXURIOUS DESK SERIES

Wefal Luxurious Executive desk Series has elegant design , comfortable and graceful as they are made from exclusive craftsmanship with modern technology. it is indeed the wise choice of Administrative and managerial people

YB-77988 Executive Desk (2200Lx1000Wx760H)
 YB-79988 File Cabinet (2510Wx515Dx2240H)
 YB-79085C Annex (1200x520Dx635H)
 YB-79988F Credenza (2300Lx550Dx760H)

The executive desk is rich in classical western touch, advocates the smooth line, satiation shape, elegant color. The design style used the bright warm color as the main tone; the main side is regular square shape and is matched with noble crystal cherry decoration facing. Matched with large proportion of single flower-patch design, it is passionate and steady. No exaggerated magnificence, the dignified and civilized classics I redisplayed by the moving, steady sentiment, it processes simple and modern vision elements, giving people harmonious and magnificent feeling displaying the calm tolerance in the chaotic world.

Victorian Collection

the unchanged tradition

President Collection

It is exclusive-Prestigious-and above all functional

The huge office space displays the enterprising ambition. The office furniture with glorious and noble style is so elegance which cannot express by words. The design style of square office desk.

attached table and exhibition cabinet, sundries cabinet and chair can be traced to the same origin. The classical geometric style is running through it, the line is simple, stylish and generous. Matching with the imported high quality hard timber, the luxurious and graceful style of the king is displaying thoroughly. the wild office desk contains your great ambition.

The firm and exquisite front table functions combines small conference table and singing table, and forms an arrow-style advancing structure with the main desk, which displays a conquering enterprising spirits. The auxiliary table at right can hold the computer as well as store the important files, even will protect the security of your left hand. It is the indispensable assistant for your work. The auxiliary table adopts humanized design. Its height equals to the main desk, and is at a hand-distance from the main chair, which is easier to use.

Meeting Room Solutions

The Genuine King never resorts to sword. But the harmonious communication and Proper compromise, putting aside the private opinions, walking into easy life of the leaders of life, talking under the tune of the others, perceiving their mind and status, only with this way.

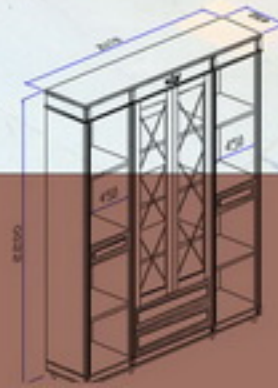

The talk with this way, the talk reach deeply into each other's heart, it is more like kind of art, which comes from the self-cultivation of the leader or the atmosphere of the meeting Scene

Meeting Table

Wefal Meeting table with Lift is designed for advanced conferencing system. For the ordinary meeting, the LCD monitors are inside the LCD Lift to keep the tabletop even & neat; For the multi-media meeting, the LCD Monitors can be lifted up separately, grouply or all to display the multimedia information including meeting content, information hint and picture information, etc. Its widely used for Video conferencing system, TV conferencing system, and financial analyzing system and so on.

The product adopts synchronous orbit lifting principle. It runs smoothly and quietly. Its provided with the protecting function of the LCD monitors by cutting the electricity off automatically. The machine is controlled by three motors: one controls opening and closing the door; one controls lifting the monitor up & down; one controls the angle adjustment of the monitor. The panel switch adopts the durable and nice-looking film switch. The LCD Monitor Lift is convenient to be installed and looks nice & decent. Its the ideal equipment in the advanced modern video meeting system. The product supports RS-232 communication protocols. It can be distantly controlled by central control. It supports wireless connection control too, possessing the function of organizing the monitors into groups freely.

Functions & Features

- *Waterproof protection for electrical components
- *Function of automatically tilting angle of the monitor
- *Function of automatically power connection & disconnection for the LCD monitors
- *Less than 20 seconds for single way rising up or down
- *Function of automatically opening & closing the door
- *Sizes of LCD monitors Customisable
- *Implementing the unity of distant control by connecting RS-485 communication cable and controlling keyboard or central control system

Technique Index parameter

- Control Mode: Wireless Remote control
- Control distance: 30 meters
- Monitor tilting angles: 12°
- Working temperature: 0-45°C
- Relative humidity: ≤ 80% 20±5
- Color: Matte Black; Silver; Brushed stainless steel
- Loading Capacity: 8.5KG
- Voltage: AC220V±10% 50Hz or 110V 60HZ
- Max power: 25W

Product Dimension

- Faceplate thickness: 3mm

Pop-Up Socket

Press the top of the box, the Mechanical Locking Device will be released and the connection panel will be opened smoothly by the Pneumatic Support Structure, and you can use the seams on the panel which you can connect Video, Audio, Network, Telephone, Power and so on. After using, just press the panel cover, the Mechanical Locking Device will lock the box. The locked connection box is flush with the tabletop and all the connections are hidden dexterously. The neat & elegant topside of the box together with the tabletop form an integrated mass.

Modules: Universal power socket, Network socket, VGA socket, USB socket, Audio socket

Panel Dimension: 155mm * 130mm

Desk Cut Size: 148mm * 125mm

Wefal Mobile Archiving System

Our mechanical mobile shelving systems are great for getting the most out of your storage room. Geared hand cranks allow the carriages to move with ease. These systems have many benefits. With system lengths upwards of 50 feet, carriages can be moved with ease due to carefully geared components. This engineering is very similar to a bicycle in a low gear the handle is effortlessly moved, and is capable of literally moving thousands of riyals.

Shelving wants to ensure you have the system that fits your needs best. Since there are so many options available for the mechanical mobile shelving system, we generally custom design them for your room layout and needs. please call our representatives

ensures

Precision and Performance

ers feature anti-rust self
nges.

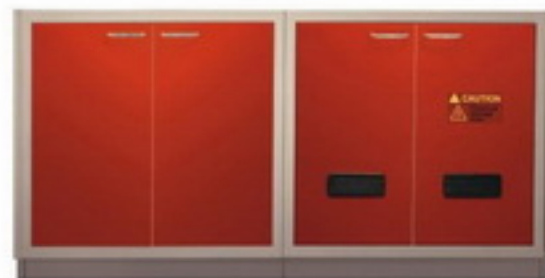

Installations

PRIMEAIR FUME HOODS

The Prime Air Fume Hoods are constructed from GP chromate zero sprangle CRICA sheets for enhanced corrosion resistance. Better corrosion resistance is also brought about by coating all the sheet metal with pure epoxy powder. The cabinets are lined with solid phenol resin based laminate, thus ensuring excellent chemical and heat resistance. For better illumination and power saving, each cabinet has a CFL tube light (230V, 36 watt). Also, the tube light fixture has user-friendly features like easy replacement and a service door at the top of the cabinet. The work top is equipped with a splash guard on all sides for spillage collection. The cup sink and drain pipe are made using Polypropylene. The fastener free and metal free interior ensures the prevention of corrosion in the hood. Plus, the cabinet comes with an enhanced depth of 1050mm for greater working area in the hood. This design is also available in high sight line designs for taller apparatus. These fume hoods are complemented by sturdy ceiling enclosures.

UNDER STRUCTURE STORAGE CABINET

The design of the fume hoods is enhanced by the rectangular to circular transition at the outlet. And connected to the blower with a PP FRP Duct.

Silent and smooth operation is ensured by the sash which is counter balanced with SS wire rope guided over the nylon bearings of fume hood.

An optional electronic safety monitor activates alarm if face velocity exceeds a pre-determined acceptable range.

The adjustable Apparatus Holding Grid made of aluminum pipe and coated with pure epoxy powder covers the entire length of the fume hood.

ACCESSORIES We also offer a full range of accessories for your various needs.

VALVES & FAUCETS

Lift & Turn type valves
Available in white powder coated finish. Knobs can be colour coded as per application.

3 Way Water Flow Faucet
Available in chrome plated finish. Also available - 2 way water flow faucet.

ACCESSORIES

Key board pullout tray

Electrical truncing

FIXTURES

Plug sockets

PP Strainers

Bottle trap

HANDLES & FINISHES

Epoxy powder coated cabinet shutters with SS 304 finger pull handle.

Pull in flush plastic handle in black.

Wooden facia shutters

LABORATORY SEATING

To ease the rigors of the working personnel, we offer ergonomic task intensive chair and revolving stools for any lab environment. We have a wide range of sturdy and long lasting laboratory chairs and revolving stools for a comfortable working experience.

ANTI VIBRATION TABLES

These tables are effective for isolation of precision equipment from vibrations generated by environmental means. Used for applications where instrument usage and accuracy of readings are affected by vibrations like: Weigh Balances, Galvanometer and more.

Made with a tubular frame with cover panels, kadappa with granite top and with anti-static rubber pads at the bottom. Load capacity of the frame is 2500kg LCL.

SINKS

Godrej Inertia offers drop in sinks in a variety of configurations & materials like ceramic, stainless steel & polypropylene which is highly resistant to acids, solvents & salts. Also available - cup sink in polypropylene.

System Colours

Note: All colours are representative only. They represent as closely as possible the true tones, within the limitations of colour printing. Actual samples are recommended prior to making a final selection.

Be Ergonomic

The growth is in your plans. Make sure it's in your furniture too. System furniture is a stylish way to create your own environment, but the true value of the system furniture concept is that it enables your office to change as evolves your business grows. And that's a healthy flexibility for every business. When. And consider system furniture, think ahead. Think of how your office will need to change as your business grows.
